

Opening
Summer '17

1160 Homer St. Anaheim, CA 92801

Friday /July 14, 2017

Anytime 8AM—8PM

You are cordially invited to
enjoy our day-long

FUN-DAY At:

“Dreamscape Too”

Please stop by to skate, shoot
basketballs, kick some goals,
thank our supporters, and
enjoy our latest community
achievement!

Featuring:

- ◆ Lakers Legends Court
- ◆ Berg Electric Arena
- ◆ Ben’s Asphalt Track
- ◆ The GOALS Pond
- ◆ Dreamscape “Command” Post

This multiple-venue facility represents Part III of the original Dreamscape “trilogy” development vision and will offer even more opportunities for community youth here at “GOALSland”. New athletic venues will add diverse and exciting options for GOALS and our community based programs and partners. Many thanks to our loyal supporters, volunteers, and multiple agencies and leaders with the City of Anaheim as yet another DREAM comes true!

GOALS is a 501 (c) 3 not for profit organization which is headquartered in central Anaheim.
1170 La Palma Park Way Anaheim, CA 92801 Tel. (714) 956-4625 www.goals.org

The Ben's Asphalt Athletic Track is planned as a 6,000 square foot (1,000 lineal foot) walking-jogging-running-warm-up track that will encircle the 3 playing surface "venues" at the 2nd phase of the GOALS Dreamscape. The track will also enable access from point of entry at the complex to any of the venues, without interruption of game play thanks to the circumferential design. GOALS team sports often incorporate warm-ups including jogging prior to, during and following team sports play to assure that all participants have enjoyed sufficient aerobic activity. Ben's Asphalt is a major paving contractor headquartered in southern California and is renowned for its high quality work along with its extraordinary level of philanthropic support for not for profit and especially youth organizations. The Skeffington Family has led the way with founder Ben Skeffington's sons (Billy & John) orchestrating major grading & paving donations to help!

The Los Angeles Lakers have made a substantial charitable donation that was used to support the creation of a high quality basketball court flooring surface on what is named "Lakers Legends Court" at the 2nd phase of the GOALS Dreamscape development in Anaheim. Naturally the court colors will be purple and gold and prominent signs of Lakers greats will adorn the perimeter of the court. The playing surface will be sized at NBA regulation dimensions and will feature full court and side court basketball backboards to enable multiple cross court and full court play. Games, clinics, tournaments and guest appearances are anticipated to encourage basketball development among GOALS youngsters. This court will add yet another level of athletic options and diversity to the expanding GOALS sports universe of opportunities. Among the featured Lakers Legends will be Kareem Abdul Jabbar, Magic Johnson, Jerry West, Elgin Baylor, Wilt Chamberlain, Gail Goodrich, Jamal Wilkes, & James Worthy.

The GOALS Dreamscape is a 75,000 square foot sports complex built on what were several long abandoned urban lots in Anaheim, CA. Features include "Lakers Legends" Basketball Court, The GOALS LA84 Turf Arena, McCarthy Tennis Courts, GOALS Gym, A circumferential Dream Track, GOALS Mini-Garden, Berg Electric Sports Arena, The Ben's Asphalt Athletic Track, & The GOALS Pond—A synthetic ice rink. The 25,000 square foot phase I of the original Dreamscape opened in the summer of 2010. Phase II, the GOALS Community Garden, opened in 2014 and the 35,000 Square Foot Phase III is opening July 2017. Many entities have supported this project through in-kind donations or grants in order to bring this development from dream to reality.

Growth Opportunities through Athletics, Learning & Service—GOALS is a 501 (d) 3 not for profit youth serving organization. GOALS operates day time and after school programs at no charge for underserved youth in the greater Anaheim area. The program provides, coaching, facilities, equipment, insurance and bus transportation. GOALS youngsters typically attend program activities from 2 to 5 times weekly and enjoy a customized learning curriculum. Older teens are required to serve in "GOALS Cadets" a summertime program that offers community services to improve the greater Anaheim area.

www.goals.org

"The Pond" at the GOALS Dreamscape is a 3,500 square foot outdoor ice rink that is designed to host a full menu of hockey options for GOALS children as they develop their skills in the "original" sport offered by GOALS dating back to the program's creation in 1994. Street hockey, broomball, ringette hockey, and of course ice skating and ice hockey will be among the sports used on this unique synthetic ice surface. The rink will complement the daily ice hockey activities hosted by GOALS at the Anaheim ICE arena, 1 mile south and indoor roller hockey at the GOALS Gardens/Martin Recreation Center which is located about 1 block directly south in La Palma Park. GOALS has a long reputation as the largest "diversity" program involving hockey sports in the United States, so the addition of this unique and exciting new facility will further add to that legacy. Local sports fans will also recognize the "Pond" name which will evoke fond memories of the "Arrowhead Pond" days as well as we honor that era when the local NHL franchise was originally known as 'The Mighty Ducks'

The "Berg Electric Sports Arena" is planned to accommodate wide ranging team sports and will be based on a dark green sport court surface. The arena will lie due west of the existing LA84 Turf Arena in the original GOALS Dreamscape which makes this facility the northern most venue on the Phase II project. Among the GOALS team sports clinics, games and tournaments that will be operated on this site will be "Box" Lacrosse, Volleyball, Olympic/Team Handball, Futsal (court based soccer), and perhaps most importantly GOALS "Special Sports". GOALS has long hosted free opportunities for the disabled in our communities offering free facility access and joint play with GOALS youngsters. Popular adaptive sports include versions of soccer, tennis, and hockey. The Berg Electric Company has been a long standing philanthropic supporter of GOALS through various forms of construction assistance with the original Dreamscape project,
