“A Better Community” - Anaheim

# The ABC Story

In 2018, GOALS embraced a unique and ambitious community service project. This involved reimagining how to improve one of Anaheim's most notorious communities. The so-called "ABC" west-Anaheim community suffered from ruined and dangerous common areas, rampant drug dealing, homeless squatters, gang activities, and other anti-social problems. A year of major efforts were led by GOALS coaches & AmeriCorps service teams fueled by local city and other philanthropy—primarily the Anaheim Ducks. The result? 5 years and counting of major FREE daily youth programs and a reclaimed neighborhood for the betterment of all!
